Ross Perry, Senior Class President

Dear Class of 2015,

It is so surreal to think that high school has passed by this fast. It seems like just yesterday we sat in the auditorium and were told that these next four years would fly by. At the time we didn't believe them but before we knew it we were seniors making plans for our future. These past four years have truly been a whirlwind of up's and down's for all of us and whether it be academically, in sports, in the arts, or just in our own personal lives we have managed to find our way through it all. In our years here at Fairhaven High the class of 2015 has made a name for ourselves as being a hardworking and motivated group of people and I know that even though we are going our separate ways we will uphold these values in where ever life brings us. On behalf of the class officers and myself we would like to thank everyone for giving us this great opportunity, it has been an honor to serve you for these past four years. No matter what you choose to do in life we would like to wish you good luck Class of 2015!

Jordan Costa, Editor-in-Chief

Dear Class of 2015,

As Troy Bolton once said, "We're all in this together." I'm so honored to be a part of a class that, for four years, has truly been in it together. It's so hard to believe that we're graduating and off onto our next adventure, especially since I've known most of you since kindergarten. It's been four years filled with fun and a lot of memories we'll never forget. When they said that time would fly, they really meant it. Even though we'll be off into the world and live in different places, we'll always have Fairhaven High in common. I couldn't have asked to be part of a better class and wish everyone luck in what they choose to do!

I'd like to send a big thank you to the yearbook staff. Their work and dedication has helped to make this book something to be proud of. Thank you to each and everyone one of you! I'd also like to thank the advisors, Mrs. Duarte and Mr. Beaulieu. They have been a huge help in making the past two yearbooks. I've had a great time making this book, and hope you enjoy it!

Exchange Students

Name: Piyatida Leangsomboon - Thailand

Why did you choose to come to America? I want to speak English fluently. America seemed to have more freedom, and I expected to have more fun.

What is your favorite thing about the U.S.? Football, I've never seen real football before. I like watching football with my host family. I also like skiing and tubing.

What is your least favorite thing about the U.S.? There are a lot of different group of friends. When I came here, I had to make friends.

What is your favorite American food? I love bacon cheeseburgers, BBQ pizza chocolate Frosty's from Wendy's, and a cinnabun from Taco Bell.

What has been the hardest thing about living in America? I get homesick. I love seeing Taylor and Macy together and thinking about my best friend.

Is there anything that surprised you about living/going to school here? People shave their legs. In Thailand, some people do, but people don't shave their legs.

If you could take one thing back home, what would it be? Football equipment we don't have it and I want to teach my best friend.

Name: Shizuku Sato - Japan

Why did you choose to come to America? I want to travel around the world in the future and want to speak English.

What is your favorite thing about the U.S.? Everything is cheaper than Japan. Season sports (in Japan we usually should stay in one team for 3 years...) and movies!!!

What is your least favorite thing about the U.S.? We can't go anywhere without car. In Japan we can use train and bus. (because transportation has developed and Japan consists of small islands.)

What is your favorite American food? Lasagna, hamburgers.

What has been the hardest thing about living in America? It is really cold here. Japan also has snow, but warmer than here. Everything is too big for me. Especially toothbrush.

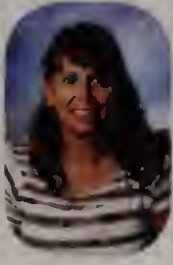

Is there anything that surprised you about living/going to school here? Here, each house has a flag. There are many tv channels.

If you could take one thing back home, what would it be? Kool Moose.

ALS Ice Bucket Challenge

This year spirit week was extra special for the field hockey team. On senior night we always play for a cause, and this season the seniors came up with the idea to play in honor of my dad, who died over the summer from ALS. Coach Sunderland came up with the teacher ice bucket challenge, and it was a blast. The whole experience was amazing. We worked hard making bracelets, selling raffle tickets, and designing shirts to raise as much money as we could. It was a fun team bonding time, but more importantly it really touched me that everyone came together and put in what they had to offer to make our fundraising a success. It was so much fun to pour ice on our teachers, and they were great sports and took the cold water with a smile. It was a great way to close up spirit week. I really couldn't stop smiling the whole time. Seeing everyone come together made me so proud to be a part of such a wonderful and thoughtful team. The Fairhaven Field Hockey team sent over \$682 to ALS research. I feel so lucky to be a part of such a compassionate community at Fairhaven High School. Thank you to the faculty and students who participated, and a really special thanks to my team and Coach for all they did to support a cause so close to me.
